

THE OMARAMA COMMUNITY CENTRE

Hello all,

Thank you for registering your support for our 4WD trip on Buscot and Ben Omar Station's on the 26th April 2014.

This is a fundraising venture, and all proceeds will go directly to our community owned centre.

Please, no dogs and no alcohol!

We are meeting at the Omarama Community Centre at 10am ready for a 10.30 departure.

As we are rising to around 1800 metres, PLEASE make sure you are well prepared for the elements. The weather can change quickly.

We are gathering mid trip for BYO, or purchased packed, lunch.

Due to fire risk, please no BBQ's.

If you would like to purchase a delicious packed lunch please let us know how many you would like when booking. They cost \$15 each and the proceeds from the lunches go to the Omarama Playgroup.

After we descend some 1200 metres we will gather back at The Omarama Community Centre, for a sausage sizzle. Please feel free to join us (The bar will be open, cash only please).

Please **print out** the attached disclaimer, sign and **bring it with you** along with the \$100, **Cash or Cheque accepted** (cheques can be made out to Omarama Inc.).

For those of you who have booked for other vehicles please make sure that every vehicle gets a copy of this email.

Although it is not a difficult trip, we will need some good ground clearance, please ensure you have a dual range gearbox, due to the ascent/ descent.
(Lada's are ok if there is any still working.)

Please also make sure every vehicle has a working fire extinguisher, positioned in the cab. A tow rope, sunscreen, camera and water may come in useful as well.

If the weather is inclement we will broadcast cancellation notices on Port FM Timaru (90.9FM), and on the Omarama website www.discoveromarama.co.nz from 7am on Saturday morning.

We expect to return to the flat ground before 3pm.

Once again I wish to express our appreciation to Buscot and Ben Omar Station's, for the access onto their land, and into a fantastic part of the country.

Many Thanks,

The Residence Association of Omarama
